Education

KIET Group of Institutions

2024 – 2028

Bachelor of Technology in Computer Science and Engineering (AI & ML)

Ghaziabad, Uttar Pradesh

- Relevant coursework: Data Structures Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks.

Experience

Google Developers Group - On Campus KIET

Oct 2024 - Oct 2025

Member: Web Development Domain

- Gained foundational experience in web development and built a strong foundation in modern web technologies such as HTML, CSS, JavaScript, and React.
- Mentored junior members on React fundamentals and Git workflows during onboarding sessions.

Google Developers Group - On Campus KIET

Oct 2025 – Present

Member: CP/DSA Domain

- Learning and practicing Data Structures and Algorithms through regular problem solving and peer discussions.
- Solved 300+ problems on LeetCode covering arrays, linked lists, trees, graphs, and dynamic programming.

Projects

My Portfolio | *React.js, Tailwind CSS* | **Visit**

- Built a responsive portfolio using React.js and Tailwind CSS to showcase projects, skills, and achievements.
- Designed a modern UI with reusable components and interactive animations to enhance user experience.

Snippz – Snippet Manager | *React.js, Tailwind CSS* | **Visit**

- Centralized code snippet manager to organize, save, delete, and reuse code snippets efficiently.
- Implemented a responsive UI using Tailwind CSS with fast client-side rendering using React.

Smart Complaint System | *React.js, Node.js, Express.js, MongoDB, JWT* | **Visit**

- Built a full-stack complaint management platform enabling students to raise, track, and resolve grievances with role-based access for students and admins.
- Developed RESTful APIs with Node.js and Express.js to handle complaint submission, status updates (Pending → In Progress → Resolved), and admin responses.

Technical Skills

Languages: JavaScript (ES6+), Java, HTML5, CSS3

Frontend Development: React.js, Tailwind CSS, Redux (basics), Responsive Design

Backend Development: Node.js, Express.js, REST APIs, JWT Authentication

Database: MongoDB, MySQL

Cloud & DevOps: AWS (EC2, S3, IAM), Vercel, Render, Git, GitHub

Tools & Environments: VS Code, Postman, npm

Certifications & Achievements

AWS Certified Cloud Practitioner

December 2025

- Validated understanding of AWS core services (EC2, S3, IAM, Lambda), cloud security, pricing models, and deployment best practices.

HackArena 2.0 National Hackathon Finalist

2026

- * Selected as a finalist among participants from multiple colleges across India.
- * Led the frontend development sprint, delivering a fully functional UI with Next.js and integrating backend APIs within the hackathon timeline.
